

# MD 76 (Motters Station Road) Motters Run Bridge Replacement

## Project Construction Update

**October 2012**

This photo, taken in October 2012 shows an east side view of final constructed bridge with bridge railing.

*Please use  
caution in our  
work zone.*

- Watch for new traffic patterns.
- No detour is effect due to completion of the bridge and roadway.
- Watch for construction equipment and working crews during flagging operations while crews install landscaping.

This photo, taken in October 2012, shows a view from the south side of the newly paved roadway.

### Progress:

The new bridge carrying MD 76 (Motters Station Road) is complete and the road reopened to traffic on August 26, 2012. The road had been closed at the bridge since June 11, 2012.

### Upcoming work:

The project is approximately 90 percent complete. The remaining work involves landscaping.

On behalf of Maryland State Highway Administration, I would like to thank you for your cooperation and patience.
